# Zebra® 105SL*Plus*™

SEE MORE. DO MORE.

Zebra's 105SLPlus provides economical, dependable, high-performance printing. This rugged printer is built for continuous operation, with exactly the features needed for fast, reliable and cost-effective printing in your manufacturing and warehousing environments.

Zebra created the 105SLPlus with ease of use in mind. The icon-based, multilingual graphical LCD user interface is intuitive to operate, minimizing user training and making the printer ideal for a multitude of languages and global applications. The simplified ribbon loading process minimizes downtime.

The 105SL*Plus* offers durable allmetal construction and a robust

print mechanism to withstand the toughest environments. The 105SL*Plus* leverages Zebra's proven electronics platform to offer increased speed for high-volume applications—and increased storage of formats, fonts and graphics. Element Energy Equalizer™ (E³™) technology extends the life of the printhead and provides outstanding print quality.

The 105SLPlus is designed to easily fit into existing operations. Multiple standard connectivity options including parallel, serial, USB and Ethernet coupled with full backward compatibility makes integration fast and simple. For added connectivity, choose the optional ZebraNet® b/g Print Server for wireless support.
